FOREWORD

It is the pleasure of the Kansas State Board of Health to publish this roster of Doctors of Medicine licensed through the Kansas State Board of Medical Registration and Examination. This booklet is printed in answer to many requests for information concerning Kansas physicians and their location. New families moving into the state want to know the availability of medical services.

In the back of the booklet is a list of Doctors of Medicine serving as full or part-time health officers, included for the convenience of physicians in notifying the health officer of the occurrence of reportable diseases within his jurisdiction.

The State Board of Health is appreciative of the friendly and invaluable co-operation given by the medical profession to the state health department, in the various programs designed to improve and protect the health of the people of Kansas.

—F. C. BEELMAN, M. D., Secretary
and Executive Officer.

IMPORTANT

This Concerns Your License to Practice Medicine in Kansas

(G. S. 65-1004a.) That every physician and surgeon holding a certificate to practice medicine and surgery in the state of Kansas shall be entitled to have such certificate annually renewed by registration by the secretary of the State Board of Medical Registration and Examination, on paying the said secretary an annual fee of one dollar. On the first day of July of each year the secretary of the State Board of Medical Registration and Examination shall send a written notice to this effect, directed to the last known address of every holder of such certificate within this state, and shall enclose with each notice a proper blank for such registration, and if said blank so filled out, together with the said fee of one dollar, shall not, on or before the first day of October of the same year, be received by said secretary from any holder of such certificate so notified, said secretary shall strike from the register the name of such holder; but at any time thereafter any holder of such certificate whose name shall have been so removed from the register, since the date of the taking effect of this act, may have the same restored by the said secretary by paying to him a fee of five dollars, if satisfactory proof at that time is submitted of his moral fitness. (Section 1, House bill No. 431, passed by the 1933 Legislature; effective March 15, 1933.)

NOTE:—The Secretary of the State Board of Medical Registration and Examination requests that remittance be made only by bank draft, postoffice or express money order, payable to the Secretary of the Board. Personal checks are not accepted.
